Magnetic Compasses

KMC 90, KMC 90-1

Certified by Russian River Register

Certified by Russian Maritime Register of Shipping

The KMC90, KMC90-1 magnetic compasses are intended for finding vessel's magnetic course and relative bearings; they may be installed at small craft, boats, yachts, lifeboats.

Double scale with internal gimbal used on the KMC90-1 enables compass use at any vessel's heel for convenience in operation.

The compasses meet the Rules of Russian Maritime Register of Shipping and Russian River Register in fitting vessels.

Specifications

1. Scale diameter (mm) 60
2. Scale division (degree) 5

KMC90

KMC90-1

Version	Weight (g)	Overall dimension (mm)	Magnetic deviation compensator	Lighting
KMC 90	600	Ø122×89	--	+
KMC90-1	1220	Ø110×160×155	--	+
